This event is scheduled at the West Plains Public Library, 750 West Broadway Street, West Plains, Mo., 65775.

Some of the components of the disaster kit are: an integrated flashlight and AC/DC powered radio with weather service capabilities; portable first aid “To-Go” kit; integrated hygiene kit; composite waterproof compass; whistle and container; Mylar blanket; work gloves; adhesive wrap; N95 mask; illumination stick; waterproof matches; and more. There are additional high-quality products designed to work together as a cohesive system for thousands of possible situations.

BACKGROUND: This personal and/or family disaster kit methodology is taught in part by Catholic Charities of Southern Missouri’s, “Plan.Prepare.Protect.” curriculum, rolled out January 2019 as part of a four state (Missouri, Arkansas, Oklahoma, Kansas) disaster preparedness collaborative. “Plan.Prepare.Protect.” provides high quality disaster training for community groups; vulnerable populations (with access and functional needs; and/or limited English proficiency); and houses of worship, to name only a few audiences, at no cost.
